Projects

Churn Predictor | Python, Scikit-learn, MySQL, Excel Aug' 25 – Nov' 25

- Built a churn prediction model for the banking sector using machine learning techniques.
- Trained and evaluated the model on a dataset of 1 lakh+ customer records stored in MySQL.
- Performed data preprocessing, feature engineering, and model tuning using attributes such as age, salary, and credit score.
- Visualized churn trends, customer segments, and key features using Excel dashboards and charts to support business insights.

GitHub Repository Link: **https://github.com/Prashant-Bhardwaj01/Churn_Prediction**

Weather Forecasting | Python, Pandas, NumPy, Scikit-learn, TensorFlow/Keras, LSTM, Streamlit Dec' 24 – Mar' 25

- Applied Multilinear Regression and Random Forest for baseline and non-linear weather prediction.
- Designed an LSTM model to capture temporal dependencies in weather time-series data.
- Evaluated models using MAE, RMSE, and R^2; Random Forest achieved **$R^2 = 0.99$**.
- Developed an **interactive Power BI dashboard** to visualize trends, region-wise insights, and model results.
- Constructed an interactive Streamlit application for region-wise 24-hour weather forecasting.

Training

Infosys Springboard | Python, Numpy, Pandas, Seaborn, Scikit-Learn, Kaggle API Aug' 25 – Oct' 25

- Performed data cleaning, detailed exploratory analysis, and built dynamic interactive dashboards for clearer insights using real-world datasets fetched directly from Kaggle via the Kaggle API.
- Gained strong hands-on experience in Python-based data preprocessing, advanced visualization techniques, and handling multiple diverse large-scale datasets effectively.

Certifications

- Fundamentals of AI, Oracle | Certificate Sep' 25
- Python for ML and AI, CSE Pathshala | Certificate Jul' 25
- Database Management System, Infosys Springboard | Certificate Jun' 25

Technical Skills

Languages: Python, C, C++, Java
Technologies/Frameworks: Matplotlib, Scikit-learn, TensorFlow
Tools/Platforms: MongoDB, MySQL, MS Excel, Power BI, Git & GitHub
Skills: Data Structures and Algorithms, Problem-Solving, Time Management

Education

Lovely Professional University Punjab **2023 – 2027**
Computer Science and Engineering — CGPA: 8.69 *Phagwara, Punjab*

Shri Mahavir Jain Model Sr. Sec. School **2022 – 2023**
12th with Science — Percentage: 94% *Phagwara, Punjab*

S. D. Public School **2020 – 2021**
Matriculation — Percentage: 100% *Phagwara, Punjab*
